Report by Kurt C. Hagen, Deputy Compliance Officer, to the Los Angeles County Commission on Disabilities. Meeting held February 16, 2011.

1. The Disability Civil Rights Section (DCR) continues to work with various County departments to resolve complaints alleging inaccessibility for persons with disabilities.
2. DCR continued its Disabilities Awareness Email Campaign that began in October 2010, by sending out its most recent email to all Los Angeles County ADA Coordinators with disability-related information. The objective of the Email Campaign, in conjunction with DCR's recognition of the recent 20th Anniversary of the passing of the Americans with Disabilities Act in 1990, is to increase and promote

understanding and knowledge concerning persons with disabilities.

3. DCR worked with the department of Mental Health to propose a Management level training on ADA Title II with an emphasis on awareness of man-made barriers with regard to prevention and resolution of such accessibility barriers.
4. DCR attended IPMA Employment Law Webinar. This webinar covered topics such as recently released guidance on breaks for nursing mothers in the workplace, the Genetic Information Nondiscrimination Act (GINA) of 2008, Family and Medical Leave Act (FMLA) requirements, and pension reforms.
5. Other than County program, service, or activity-related work that DCR conducts on a monthly basis, DCR also manages the County's ADA Hotline. Numerous calls regarding non-County of Los Angeles accessibility issues are received on a daily basis and callers are provided ADA technical assistance to address their concerns.

Respectfully Submitted,
